EDUCATION

Bachelors Of Technology In Computer Engineering, KJSIT,Mumbai   June 2024

SKILLS

Technical Skills	C++, NodeJS
Soft Skills	Innovative, Critical Thinker, Collaborative

PROJECTS

PharmaFriend As the driving force behind PharmaFriend, I led market analysis, ensuring strategic insights guided our platform's development.My meticulous documentation streamlined processes, while adept team management fostered seamless collaboration. Through my problem-solving skills, I contributed significantly, shaping PharmaFriend into a user-friendly, comprehensive healthcare platform. Link

ChatCord Designed and developed a real-time web-based chat application with personalized rooms using Node.js, Express framework, Socket.IO for bi-directional communication between client and server, and Mustache templates for dynamic UI updates on new messages. Link

ACHIEVEMENTS

- Achieved **5 star** coder status on HackerRank by mastering data structures, algorithms, efficient code and complex problem solving.
